

ART DIRECTOR/PRODUCTION DESIGNER

Description

SUNFOX Games is a leading supplier of innovative high quality games and animated game trailers for the international online casino industry.

We are looking for a professional Art Director/Production Designer with concept art skills for our Vienna development studio.

For us an Art Director is the key player for conceiving and visualizing the overall vision of a project. He / She would not only be responsible for defining the artistic style but also to inspire, guide and supervise the production of all visual content.

The ideal candidate is a highly creative visionary with a proven artistic track record, able to guide a small digital 3D content production team and who has the skills and experience to create the best possible high quality output within available time frames and budgets.

Duties and responsibilities

- Definition of the artistic style, supervision and guidance of the digital art production.
- Visualization of ideas and visions in the form of concept art.
- Hands-on production of high quality digital artwork like logos, marketing material etc.
- Preservation of a consistent artistic style throughout all steps of a production.
- Quality control of all visual assets.
- Working closely with project and product management and development to meet project requirements and company goals.
- Leading by example to inspire and motivate the whole team.

Required Skills

- An outstanding talent for aesthetics and visual style.
- Excellent graphic design and layout skills.
- Proficient in state of the art content creation tools to produce high quality digital artwork.
- Effective communication and management skills to guide the team in the production of high quality content within given guidelines, budgets and timelines.
- A self organized, disciplined, consistent and quality driven way of working.
- The willingness and capability to work under pressure and meet tight deadlines.
- Good English language skills.

We Offer

- A competitive salary with mandatory health insurance and pension plan.
- Very diverse projects within a highly motivated and creative small production team.
- The chance to grow together with a young, uprising company in the beautiful city of Vienna in the heart of Europe.
- Possibilities to push boundaries and work with state of the art 3D production technologies.
- We offer a minimum annual gross salary of 46.500 Euro with 25 days of paid holiday per year and the possibility of overpayment for special professional experience and/or qualifications.

If you are interested in this job and want us to learn more about you, please send your CV via email to jobs@sunfoxgames.com and provide **a link** to some of your work so far.

We are looking forward to hearing from you soon!
